

Vuzix to Host Webinar with Oculogx to Discuss Optimized Hands-Free Pick-From-Store Operations to Support the Growing Trend in E-Commerce Curbside Delivery

ROCHESTER, NY, October 14, 2020 – [Vuzix® Corporation](#) (NASDAQ: [VUZI](#)), ("Vuzix" or, the "Company"), a leading supplier of Smart Glasses and Augmented Reality (AR) technology and products, today announced the Company will host a webinar with Oculogx to discuss how fulfillment operations can be optimized through hands-free pick-from-store operations and elevate retailers' business operations to the next level with increased efficiency and productivity by using Vuzix Smart Glasses running the Oculogx software.

The webinar on October 22nd will provide an overview of the Oculogx Ocx One hands-free order fulfillment software, which officially [launched](#) in September, review a successful customer case study and demonstrate how Vuzix Smart Glasses are designed and built for hands-free operations within the retail environment.

“The Ocx One Order Fulfillment platform using Vuzix smart glasses has been shown to create an average 2-year ROI of 2600% by optimizing our enterprise retail customers' picking process to maintain a deep, direct relationship to the end consumer. We challenge you to own your own e-

Commerce customers and fulfill your BOPIS (Buy Online, Pick Up in Store) orders profitably,” said Charu Thomas, CEO and Founder at Oculogx.

“Consumer shopping behavior has changed dramatically as a result of the COVID-19 pandemic. E-Commerce sales have skyrocketed and retail organizations are challenged with maximizing sales and optimizing customer shopping experiences to support the growing trend in e-Commerce curbside delivery,” said Paul Travers, Vuzix President and Chief Executive Officer.

If you’re interested in learning more about the next wave of retail and how hands-free store operations can elevate your business operations to the next level in terms of efficiency and productivity, please register below.
