Vuzix M300 to be Demonstrated with LogistiVIEW Work Flows for Pharma and Drug Supply Chain at TSE 2017

Vuzix VIP Partner Expands Wearable Solutions into Pharma and Drug Supply Chain Operations

ROCHESTER, N.Y., Aug. 18, 2017 /PRNewswire/ -- [Vuzix® Corporation](#) (NASDAQ: VUZI), ("Vuzix" or, the "Company"), a leading supplier of Smart Glasses, Augmented Reality (AR) and Virtual Reality (VR) technologies and products for the consumer and enterprise markets, is pleased to announce that the Company's M300 will be proudly on display by LogistiVIEW, a Vuzix Industrial Partner (VIP), at NACDS Total Store Expo (TSE) event taking place August 19-22, 2017 at the San Diego Convention Center in San Diego, California.

At TSE, LogistiVIEW will be demonstrating pharmaceutical picking, receiving, and drug dispensation workflows with the Vuzix M300. LogistiVIEW's AR platform can be used for vision picking, packing and audit and capturing serial numbers. The platform also features multiple barcode scan and capture, geo-fencing, indoor navigation, voice prompts and photo and video capture.

Drug supply chain compliance is one of the biggest topics impacting the pharmaceutical industry today. LogistiVIEW offers enterprise augmented reality solutions for pharmaceutical logistics and chain drug stores that help companies thrive in today's increasingly complex and demanding regulatory environment. LogistiVIEW-driven processes will enable a pharmaceutical supply chain workforce to be both efficient and compliant with Drug Quality Security Act (DQSA) regulations from production facility to the pharmacy.

A demonstration of LogistiVIEW's AR Pharma Picking & Receiving workflow can be viewed through the following link: <http://www.logistiview.com/pharmaceutical-chain-drug-store-augmented-reality-solutions.html>.

"LogistiVIEW is excited to be expanding our augmented reality and wearable solutions into pharmaceutical and drug supply chain operations. As a Vuzix VIP partner, we are pleased to see Vuzix deliver flexible and robust devices like the M300," said Seth Patin CEO of LogistiVIEW. "The M300 is the only wearable device in production today with the flexibility, practicality, and processing capability to support our platform's real-time computer vision and augmented reality work experience. We look forward to deploying LogistiVIEW on M300s to facilitate efficient Drug Supply Chain compliance."

"The team at LogistiVIEW has a strong foundation and background in logistics and warehousing software," said Paul J Travers, President and CEO of Vuzix. "LogistiVIEW's enterprise platform built around the Vuzix M300 is simple and easy to use and now covers pharma and drug chain stores in addition to warehousing and logistics and retail and merchandising."

Event: NACDS Total Store Expo (TSE)

Location: San Diego Convention Center San Diego, California

Date: August 19-22, 2017

Booth: Exhibit Hall 3907

About LogistiVIEW

LogistiVIEW, headquartered in North Carolina, is pioneering enterprise augmented reality solutions that solve real world business problems. LogistiVIEW's VIEW platform makes a logistics workforce faster, smarter, and more accurate than ever before. LogistiVIEW has created the Effortless Human Interface, an entirely new way for workers to interact with existing business systems through AR smart glasses to instruct workers, computer vision to see and scan barcodes, configurable workflow to support diverse operations, networked sensors to enhance workflows with environmental context, and wearable devices to keep hands and eyes focused on getting work done. Powered by its VIEW platform, LogistiVIEW offers industry solutions in pharmacy, store, delivery, and warehouse operations.
